Counter-Form
 Laminate Never Looked So Good

In 1976, Counter-Form began operations focusing on a single goal: *To make the highest quality postform countertop in the industry at an affordable price, while providing customers with the best in service.* Forty years later, although techniques and product lines have changed, our goal remains the same. Counter-Form offers unsurpassed experience from our office staff to our fabricators. We offer quick lead times and the best in customer service. Discover why Counter-Form is an industry leader.

Colors & Edges

Counter-Form crafts a complete line of custom, cut-to-size countertops with all the colors and patterns available from Wilsonart®, Formica®, Pionite®, Arborite®, Greenlam and Nevamar®. We stock over 310 of their best-sellers and offer many different edge profiles. Counter-Form can fabricate an infinite array of creative possibilities.

Premium Quality

On the surface, laminate countertops all look pretty much the same. It's what is underneath that separates Counter-Form from the rest! Constructed from the highest quality 45 lb. western pine industrial board, our countertops offer a 1/2" solid pine scribe for easier installation. Another unique offering is the vapor barrier strips we apply to the front and side edges to protect against moisture and chipping. With Counter-Form quality countertops, what you *don't* see makes all the difference!

Undermount Sinks

Create the look of granite or solid surface with an undermount sink. Counter-Form offers many undermount options including stainless steel, quartz and acrylic sinks with equal or unequal double bowl, single bowl and bar sinks. Combining an undermount sink with one of the many "stone finish" laminates gives the rich look and feel of granite or solid surface at a fraction of the cost.

Custom Shapes

Counter-Form is known for its craftsmanship and expertise in the design and fabrication of custom countertops. Angles, shapes, custom edges... bring us your ideas and we'll help create a look that is uniquely yours.
