DEKTON®

## New Additions

*Cosentino presents  
a new Dekton color selection  
for 2020*

*From the most  
daring  
textures  
to everyday  
needs.*

PORTFOLIO

AVANT-GARDE'20

DEKTON

Discover textures of a great chromatic richness that increase the possibilities of the most cutting-edge projects. Helena, Khalo and Laurent form an ideal combination for the creation of luxury spaces where design is the main character.

Rem, Bromo and Milar are more traditional colors that can be adapted to all types of projects.

Boasting monochrome tradition with subtle veining and details that combine versatility with undeniable style.

## Helena

Helena has great richness, perfect balance of gray and white tones, and delicate cracks shine with the depth of onyx- the natural stone that inspired this piece. Its design is greatly appreciated by designers and architects alike thanks to its beauty and luster.

## Laurent

Inspired by the natural Port Laurent stone, we've crafted a unique color that stands out with its complex beauty. Its texture plays with contrasting shades and tones. The gold grain dominates the surface and lends warmth to the cold, dark background, ideal for the most luxurious spaces.

# DEKTON® SLIM

designed by COSENTINO

**Thinnest X-Gloss surface.  
Unlimited possibilities.**

Dekton X-Gloss is the most ultra-thin surface on the market. Simply revolutionary.

NEW  
**X-Gloss  
Finish**

Introducing Dekton X-Gloss Slim:  
A large format surface with an ultra-thin 4-mm thickness that offers unlimited design options. Its lightness and reduced thickness make it the most durable, high-performance surface for for bathroom and kitchens. Dekton® Slim offers unlimited design options and incredible ease of installation and transport.

**Dekton  
X-Gloss**

Thanks to our nanotechnology, Dekton X-Gloss is highly resistant to stubborn stains and contains water-repellent properties.

**Mirror  
Effect**

Cosentino's vast experience and expertise in treating and polishing natural stone over generations has enabled us to create a completely smooth surface with an almost entirely clear reflection.

**Resistance  
against humidity**

Dekton Slim with our X-Gloss finish is the thinnest and most lightweight polished material available on the market. It boasts highly technical features making it very resistant, yet also lightweight, very easy to handle and install, and perfect for both inside and outside spaces.

Slim Thickness **Huge Format & Performance**

Korso - STONIKA

## What is Dekton®?

**Dekton® is a sophisticated mixture of raw materials used to make glass, latest-generation porcelain tiles and quartz surfaces.**

Dekton uses the exclusive PST technology, a technological process that uses an accelerated version of the metamorphic changes that natural stone undergoes from exposure to high pressure and high temperatures for thousands of years.

---

*Dekton emulates in a few hours what takes nature thousands of years, through an exclusive technological process.*

The electron microscope can appreciate the reduced porosity of the material, due to the sintering process and exclusive ultra-compaction of Dekton. It features virtually zero porosity and the non-existence of the microflaws that cause tension and weaknesses set Dekton apart from other materials.

# Dekton® features

## Large Format

Thanks to the size (up to 126" x 56")\* and the lightness of Dekton® (from 4 mm thick), the design possibilities for your kitchen, bathroom, façade, walls or high transit floors are growing exponentially.

## Slab Format

up to 126" x 56"

## Available thicknesses

4, 8, 12, 20 and 30 mm

## It resists everything

Extremely resistant to scratching, virtually zero porosity and highly resistant to aggressive chemical products used in kitchens and bathrooms.

## Relentless in heat

Extreme resistance to high temperatures, cookware fresh off the hotplate and UV rays.

## Unlimited inspiration

Design your modern kitchen with eye-catching colours and unique textures. Large format for new compositional solutions.

## A countertop to be enjoyed

Easy maintenance, no traces of fingerprints or marks and maximum durability. Your Dekton countertop is guaranteed for 25 years.

Korso - STONIKA Collection

\* 4mm thickness only suitable for cladding

\* The largest size for Zenith, Aura15, Kairos, Entzo, Halo, Tundra, Fiord, Glacier, Nayla and Vienna is 123.5" x 55".

\* Check availability of 3cm thickness.

## Dekton® Advantages

Highly UV Resistant

Scratch Resistant

Resistant to Stains

Maximum Resistance to Fire and Heat

Resistant to Abrasion

Resistance to Freezing and Thawing

Superior Mechanical Resistance

Low Water Absorption

Dimensional Stability

High Resistance to Hydrolysis

## Dekton® XGloss Advantages

Crystalline Shine

Water Repellent

## Kitchen countertops

Dekton is a long-term product for those looking to turn their kitchen into a unique space. It allows installation in one piece with no cuts, no joints, no limits, just the appeal of a completely uniform surface, which fits seamlessly into a variety of different design styles.

Sogne - STONIKA

Arga - XGLOSS Natural

Dekton combines the qualities expected by the chef in all of us. It is a clean surface that is nice to the touch, resistant to all the daily grind that takes place in a kitchen over years of use. An ultra-sophisticated material for busy everyday life, capable of creating spaces that make the preparing food, day after day, a pleasant experience that precedes the pleasure of sharing a meal with friends or family.

It represents beauty and solidity with easy, fuss-free cleaning. The structural density of Dekton is a breakthrough in engineering and it resists scratches, stains and traces of heat.

Trilium - INDUSTRIAL Collection

## Bathroom wall coverings & countertops

**Minimum maintenance.  
Great beauty and resistance.**

As one of the more private but highly utilized spaces in a home, the bathroom shouldn't receive the short end of the stick when it comes to design. Whether it is a grand master en suite or a tucked away powder room, these spaces should exude cleanliness and comfort.

Choosing surface materials that are not only beautiful but low-maintenance can make all the difference in creating a bathroom that is pleasant for yourself and your guests.

Dekton, thanks to its low porosity, is completely waterproof and repels all liquids. Water glides smoothly over the surface without ever penetrating. This, along with unchanging beauty, results in extremely easy cleaning. Dekton features textures and colours that are an endless source of inspiration for the design of water-related areas.

Natura 18 - X-GLOSS Natural

## Bathroom cladding Dekton Slim 4mm

### Maximum resistance against humidity with the minimal joints

Ideal for bathrooms, Dekton® Slim offers cladding that is ultra-resistant to humidity and stains. A high-performing product that does not require any more maintenance beyond a damp cloth.

Its large format measures 126" x 56" covers large surfaces, avoiding a large number of joints and in turn, less dirt.

## Outdoor kitchen covering

### Cook with the sky as a roof

Cooking is definitely a pleasurable experience and doing it outdoors often results in a small social event. Everyday celebrations that we can enjoy in company around a grill. Dekton, due to its ultra-compact structure, is particularly suitable for outdoor kitchens and barbecues.

Dekton provides strength and style to these spaces, it gives them an undeniable personality and unlimited practicality. Stains, bumps, utensils at high temperature... Dekton will resist the demanding use over time while maintaining its unchanging beauty.

It is not affected by ice, sun, sleet, or wind. When bad weather arrives, Dekton simply needs an effortless, easy cleaning to help distinguish its true beauty.

# Dekton® Warranty

Dekton® presents its new 25-year limited transferable warranty.

Cosentino®, the global leader in natural stone, quartz and architectural surfacing, exceeds the industry satisfaction standard with its 25-year limited transferable warranty for all Dekton® ultra-compact surfaces. A guarantee to give customers greater peace of mind.

## Warranty terms and conditions:

25-year Warranty for Dekton® products installed by a workshop or fabricator:

1. For the warranty to take effect, the user must have proof of purchase.
2. Dekton products must be installed by a certified fabricator.
3. The warranty does not cover defects deriving from manufacturing or installing the product, as such operations are not performed by Cosentino

## Certificates

Dekton® is internationally certified to ensure maximum safety and protection.

### NSF

Certification that substantiates that the product is safe for the health in hygienic terms.

### Greenguard

Certification that substantiates the low emissions of chemical compounds.

### ETE

Dekton® by Cosentino has been assessed by the ITEC (Instituto de Tecnología de la Construcción de Cataluña) as a product for ventilated façades.

### ISO 14001

Accredits the efficiency in the use of water systems and the control of environmental risks.
